

Evolution Gaming is an independent online gaming developer based in London, Stockholm and Riga. We're the worlds leading provider in live gaming and have custom built and operate our own licensed studios - enabling us to broadcast, quality, real-time 'virtual' casinos through our client's websites to the end-user

We are looking for a dynamic individual to join our organisation as Web Developer / Flash Developer.

Main Responsibilities

As web developer, your main duties will be to work closely with new clients, design and create client branding according to Company standards.

Work includes

- Assisting in the branding of flash games/website for clients
- Managing and maintaining existing client websites
- Creating and managing XML files for the clients
- Managing existing flash games/applications

Must have

- At least 2 years of experience working in web sites and flash
- Strong HTML, CSS and JavaScript skills
- Strong XML skills
- Flash development skills preferably with Actionscript 3.0
- Examples of web sites/flash files you have worked on

Person specific skills

- Able to adopt a flexible working approach
- Excellent social and communication skills and an effective team player
- Effective oral and written communication skills in English

All CVs should be accompanied by a covering letter; any CVs without it will not be accepted.

WE DO NOT ACCEPT CALLS OR APPLICATIONS FROM AGENCIES

ALL APPLICANTS MUST BE ELIGIBLE TO LIVE AND WORK IN THE U.K

ALL APPLICANTS MUST BE AVAILABLE FOR INTERVIEW IN THE U.K
